Bible Verses: Psalm 23

Communion: sharing of _____ thoughts and feelings with another person mentally, emotionally, and spiritually.

"Communion Cultivates _____"

Psalm 23 describes God as:

- _____, not a far away deity, crystal ball, or homeboy.

Before I can _____, I have to know God.

- Making me _____, find rest with him, and be Spiritual nourished instead of allowing me to run around _____, worrying, or freaking out.

- My soul's _____; not merely my _____ or instruction giver.

Communion _____ Communication

A relationship of "communion with God" brings blessings that we can't even _____ – and the biggest blessing is _____.

Take it home: I'll begin cultivating a _____ with God, and listen for him to talk.

Take it home: I will read the Bible – and read _____. I'll think about what was said and _____ before and after asking God to reveal truth to me, and how it applies to my life.

Take it home: I will spend time praying – not with _____words, but simply telling God what is going on and asking for wisdom. Between each prayer I'll spend time _____, too.
