2 Timothy 2:15:

Do your best to present yourself to God as one approved, a worker who does not need to be ashamed and who correctly handles the word of truth.

**Context** - What are the other \_\_\_\_\_ around what I'm reading? What is the \_\_\_\_\_, social, and geographical context? What was the book speaking about? Basically put, don't "take it out of context" because anything pulled out of its framework will seem strange. Ask, \_\_\_\_\_ was this written and why?

**NEVER READ A \_\_\_\_\_!**  
Always read the \_\_\_\_\_.

**Types of Context:** - Text - \_\_\_\_\_ - Social - Historical - Geographical

*Important note on historical context: Archeological and historical proof is never \_\_\_\_\_, so I should not make dogmatic assertions based purely on archeological evidence. It's always interpretation on the best \_\_\_\_\_ evidence (as is a lot of information).*

The main goal of "context" is to get a \_\_\_\_\_ of where the author is coming from, so we can understand his intent, the writing, and how original readers would have heard it.

I can know what the Bible \_\_\_\_\_ when I stop reading one verse at a time and study the context.
