Everyone will be _____.

_____ will be healed.

When? At the resurrection of the dead or sometimes _____.

_____ says, "Jesus told his disciples a parable to show them that they should always pray and _____." *GOD DOES _____, MIRACLES HAPPEN, AND HE ANSWERS PRAYER.*

Often, the first question to ask is with a physical problem that you want God to heal is, "Help me understand _____ this physical problem." Not in a snarky, obstinate way. We are not saying the Lord has done wrong. We are saying, "Is there something I can do? Is there something I can change or something I need to accept?"

The second prayer is, "God, please _____!"

In other words, I should pray and not give up (Luke 18:1) until I _____ or until I have _____ as to why I am not.

In Matthew 9, the blind men clearly _____ that Jesus is the Messiah. But Jesus still asks if they have faith that Jesus _____.

The Biblical definition of faith includes _____ and being reasonably _____.

In Mark 9:22 a man asks Jesus to heal by saying, "If you can..." Jesus responds by saying that if the man believes (*has faith*) _____. Jesus even seemed a little irritated that the man said, "If you can."

Jesus often first asks, "Do you believe (have faith)?" and after healing says, "_____ has healed you."

If I expect that God is a _____...

And if I am convinced that God says "YES" to our prayers...

And if I'm correct that my sickness isn't because of a sin or some _____ reason...

Then, I am convinced that when I pray for God to heal, _____.

"Do I believe these? Yes, God I believe."

Practical Application:

I should think about _____ I am that God wants to heal and answer my prayer before I ask. If I lack confidence *I should* _____ like the man in Mark 9 ("I do believe; help me overcome my unbelief!").

I _____ the seven reasons why physical healing might not occur and the nine reasons my prayers might not be answered. *Download the list: www.revo.church/prayers/*

I must remember that ultimate healing will occur for sure _____ for those who know and follow Jesus! The _____ is our real hope.
